## **STAFF REPORT**

**January 11, 2006**

### **CITY OF SANTA CLARITA ANNEXATION NO. 2002-08 (California Canyons)**

#### **AGENDA ITEM NO. 3a**

Agenda item No. 3a is a proposal requesting annexation of approximately 43.10 acres of inhabited county territory to the City of Santa Clarita. The applicant of record is the City of Santa Clarita, the proposal having been initiated by City of Santa Clarita Resolution No. 02-88. The application was received on June 28, 2002.

**Related Jurisdictional Changes:** Annexation to the City of Santa Clarita and detachment from the Los Angeles County Road District No. 5, County Lighting District 1687, and County Lighting District LLA-1.

**Background:**

The proposed annexation area consists of 68 single-family dwellings and a private park.

**Purpose of Request:** The annexation request was initiated by the City of Santa Clarita at the request of a majority of area residents and to promote sound planning and achieve orderly growth.

**Location:** The subject territory is generally located north and east of Abelia Road and the City of Santa Clarita limits.

**Factors of Consideration Pursuant to Government Code Section 56668**

1. *Population:* The estimated population of the annexation area is 210.
2. *Registered Voters/Landowners:* As of December 21, 2005 the County Registrar-Recorder-County Clerk certified that there were 94 registered voters residing within the annexation area.
3. *Topography, Natural Boundaries and Drainage Basins:* The area consists of flat and hilly terrain.
4. *Zoning, Present and Future Land Use:* The current Los Angeles County zoning designations are R-1-6000 (Single-family residence-6000 square foot minimum lot size), OS (Open Space), and A-2-1 (Heavy agriculture-one acre minimum lot size).

The present land use is single-family residential. There are no proposed future land uses as the annexation area is completely developed.

5. *Surrounding Land Use*: Land use to the north and east is undeveloped County territory, and to the west and south is residential development.
6. *Pre-zoning and Conformance with the General Plan*: The City of Santa Clarita adopted a General Plan Amendment and pre-zone ordinance for the area (Ordinance No. 98-4) designating the zoning as RS (Residential Suburban). The proposal is consistent with the County and City of Santa Clarita General Plans.
7. *CEQA*: As lead agency, the City of Santa Clarita adopted a Negative Declaration for the project on January 13, 1998, Resolution No. 98-7.
8. *Assessed Value, Tax Transfer*: The per capita assessed valuation of land is estimated to be \$81,836. This number is based on the total assessed value of land (\$17,185,497) divided by the total population.  
  
All agencies have adopted a tax transfer resolution.
9. *Governmental Services and Control, Availability and Adequacy*: The County of Los Angeles currently provides services to the area. Services will be provided to the subject territory at the same level or greater level by the City of Santa Clarita upon approval of this annexation proposal.
10. *Effects on Agricultural and Open-Space Lands*: The proposal does not contain agricultural or open space land.
11. *Boundaries and Lines of Assessment*: The boundaries of this territory have been clearly defined and correspond to lines of assessment or ownership. This proposal does not create any new islands of unincorporated county territory.
12. *Effects of the Proposal on Adjacent Areas and the County*: The proposed annexation will have no effect on the surrounding areas or the County. The alternative governmental option would be to deny annexation of the subject territory, which would remain within County jurisdiction. Denial would result in no evident changes as the City and County provide similar municipal services.
13. *Sphere of Influence*: The subject territory is within the City of Santa Clarita sphere of influence.

14. *Regional Housing Needs:* The annexation proposal will have no effect on the City's Regional Housing Needs Assessment (RHNA) numbers or its obligation because the annexation area is already built-out.
15. *Timely Availability of Water Supplies:* Water is already being provided to the area. The annexation area is built-out and will have no effect on the availability of water supplies.
16. *Correspondence:*  
Staff received two letters in opposition to the proposal.

### **Conclusion**

Staff recommends approval of this annexation request. The annexation is a logical and reasonable extension of the City of Santa Clarita boundary.

### **Recommendation:**

- 1) Open the public hearing and receive testimony on the proposed annexation.
- 2) There being no further testimony, close the public hearing.
- 3) Adopt the Resolution Making Determinations and Approving City of Santa Clarita Annexation No 2002-09.

#### **AGENDA ITEM NO. 3b**

Agenda item No.3b is a proposal requesting annexation of approximately 409.4 acres of inhabited county territory to the City of Santa Clarita. The applicant of record is the City of Santa Clarita, the proposal having been initiated by City of Santa Clarita Resolution No. 02-115. The application was received on July 26, 2002.

**Related Jurisdictional Changes:** Annexation to the City of Santa Clarita and detachment from the Los Angeles County Road District No. 5, County Lighting District 1687, and County Lighting District LLA-1.

**Background:** Annexation No 2002-09 was initially filed with LAFCO in 2002. The original request was for annexation of 215 acres; know as “Lower Stonecrest”. The County of Los Angeles requested that additional territory be included in the annexation request. At that time the City of Santa Clarita proposed annexation of the developed portions of Tract 36943, the remaining units of the tract had been recorded and the lots were graded. In a letter dated January 30, 2003, the County Administrative Office requested that the remaining units of the tract be incorporated, along with 15 additional acres on the east side of Shadow Pines Boulevard.

A revised application was submitted on April 4, 2005, and includes the “Lower Stonecrest” area and “Upper Stonecrest”, consisting of an additional 193.5 acres. The proposed annexation area consists of 631 single-family dwellings and a private park.

**Purpose of Request:** The annexation request was initiated by the City of Santa Clarita at the request of a majority of area residents and to promote sound planning and achieve orderly growth.

**Location:** The subject territory is generally located north of Soledad Canyon Road and the Antelope Valley Freeway along the easterly boundary of the City of Santa Clarita, in the unincorporated community known as Canyon Country.

#### **Factors of Consideration Pursuant to Government Code Section 56668**

1. *Population:* The estimated population of the annexation area is 1,769.

4. *Zoning, Present and Future Land Use*: The current Los Angeles County zoning designations are R-1-5000 (Single-family residence-5000 square foot minimum lot size), OS (Open Space), and A-1-1 (Light agriculture-one acre minimum lot size).

Present land uses include a private park and single-family residences. There are no proposed future land uses. Growth is limited to the unincorporated areas to the north and west.

5. *Surrounding Land Use*: Land use to the north and west is undeveloped County territory, to the east is residential development, and to the south is undeveloped commercial.
6. *Pre-zoning and Conformance with the General Plan*: The City of Santa Clarita adopted a General Plan Amendment and pre-zone ordinance for the area (Ordinance No. 02-2) designating the zoning as RS (Residential Suburban). The proposal is consistent with the County and City of Santa Clarita General Plans.
7. *CEQA*: As lead agency, the City of Santa Clarita adopted a Negative Declaration for the "Lower Stonecrest" proposal on February 12, 2002, Resolution No. 02-22, and for the "Upper Stonecrest" proposal on January 11, 2005, Resolution No. 05-10.
8. *Assessed Value, Tax Transfer*: The per capita assessed valuation of land is estimated to be \$120,288.42. This number is based on the total assessed value of land (\$212,790,213) divided by the total population.

All agencies have adopted a tax transfer resolution.

11. *Boundaries and Lines of Assessment*: The boundaries of this territory have been clearly defined and correspond to lines of assessment or ownership. This proposal does not create any new islands of unincorporated county territory. A portion of Canyon Country is already located within the City's boundary.
12. *Effects of the Proposal on Adjacent Areas and the County*: The proposed annexation will have no effect on the surrounding areas or the County. The alternative governmental option would be to deny annexation of the subject territory, which would remain within County jurisdiction. Denial would result in no evident changes as the City and County provide similar municipal services.
