9 OTHER ITEMS

The following item was called for consideration:

- a. Proposed Filing Fee Schedule.

The EO summarized the staff report on this item.

Commissioner McCallum asked how fees are recovered. The EO stated that LAFCO requires all applicants to pay filing fees. Currently, the fees—which have not changed since their enactment in 2006—do not adequately recover the costs for staff to process, review, and analyze a typical application. Because the filing fees do not cover the actual costs, the applications are in effect indirectly subsidized by those agencies (Los Angeles County, the cities in Los Angeles County, and the independent special districts in Los Angeles County) which are required, by State law, to pay annual assessments to LAFCO. The EO further noted that the new filing fee schedule would result not only in a more accurate recovery of actual costs but that the proposed fees would be more consistent with filing fees currently charged by several other LAFCOs.

The Commission took the following actions:

- Considered the Schedule of Filing Fees;
- Directed staff to transmit the proposed filing fee schedule to representatives of Los Angeles County and the cities and independent special districts in Los Angeles County; and
- Directed staff to schedule a public hearing for the February 8, 2023 Commission Meeting, consistent with Government Code § 66016.

MOTION: McCallum SECOND: Barger APPROVED: 7-0-0

Dear

- Directed the Executive Officer to post the Notice of Vacancy of Alternate Public Member and transmit copies as described in the staff report;
- Directed the Executive Officer to publicize the Alternate Public Member vacancy as described in the staff report;

Staff Report

February 8, 2023

Agenda Item No. 7.a.

Proposed Filing Fee Schedule (Public Hearing)

Staff presented a proposed filing fee schedule to the Commission at your January 11th Meeting. Pursuant to the staff recommendation and Commission direction, staff transmitted a copy of the proposed filing fee schedule to representatives of the County of Los Angeles (Chief Executive Officer), the eighty-eight (88) cities (city managers), and the fifty-three (53) independent special districts (general managers). Staff recommends that the Commission conduct the public hearing concerning the proposed filing fee schedule, and adopt a resolution to enact the proposed filing fee schedule, with an effective date of July 1, 2023.

Staff received the following comments from public agency representatives:

- The City of Bradbury's City Manager stated that he has "no issues with it," adding that "17 years is a long time not to adjust fees."
- The Compton Creek Mosquito Abatement District's General Manager commented that he "agrees with these changes," and that it is "hard to operate today on 2006 costs." He also noted that the "actual costs for staff, consultant, legal" should be provided.
- The City of Lawndale's City Manager observed that "all public agencies are required to justify their fees with a time and materials study," and that a study was not attached to the January 11th staff report.
- The City of Santa Clarita's City Manager noted that the City "understand[s] the need to keep up with the costs associated with the work provided by LAFCO," but also indicated a concern that "the standard application fee in Santa Clarita would nearly double." He recommended that the Commission consider the concept of phasing the fees over a number of years.

The emails from these individuals are attached to this staff report, and staff replied to all commenting parties. With respect to these issues, staff notes:

1. Time and Materials Study:

- Although staff prepared the required time and materials study that identifies the amount of cost, or estimated cost, required to provide the service for which the fee is levied, a copy was not attached to the January 11th staff report, nor was it provided in the outreach to public agency representatives. Staff has attached the time and materials study to this staff report, and provided it to the two individuals above who commented on the subject. In addition, the public was provided with a copy on January 23, 2023, by posting to the LAFCO website.
- LAFCO's accountant and independent auditor reviewed the calculation of fully burdened labor rates, found them to be accurately compiled and consistent with industry processes, and certified that the substantiations of costs to provide services

and the methodology used in calculating the proposed fees follow the best practices for appropriate cost recovery. LAFCO's legal counsel also reviewed the methodology and concluded that staff's approach meets applicable legal requirements.

- The public was provided with a copy on January 23, 2023, by posting to the LAFCO website.

2. Phase-In of New Fees:

- Should the Commission adopt the new fees, they would not take effect until July 1, 2023. This provides potential applicants nearly five (5) months to file proposals under the current fee schedule. Staff is working with applicants to ensure that they meet the July 1st deadline.
- LAFCO collects filing fees based upon a current schedule enacted in 2006. Given a documented average cost of \$10,721 to process a proposal—and a current fee schedule that ranges from \$2,500 to \$7,500—the Commission is currently charging substantially less than it costs to process, review, and analyze each proposal. Given a shortfall in filing fees collected, those costs are, therefore, subsidized by all public agencies that pay annual assessments to LAFCO, rather than the individual applicants who stand to benefit from these proposals.
- Going forward, staff recommends adopting a process to adjust fees annually, based upon changes to the future yearly Consumer Price Index. This procedure will ensure that future fees keep pace with increased costs, in modest annual increments. This will minimize the impacts of future fee increases upon applicants, and very likely avoid “one-time” significant increases. Staff further recommends that time and materials studies be conducted every five years, to ensure that all fees keep pace with LAFCO costs.

The combination of these factors will minimize the impact of the proposed fee changes, and provide more regularity and transparency to the process now and in the future.

Recommended Action:

Staff recommends that the Commission:

1. Approve the draft Resolution Making Determinations (attached as Exhibit “A”) to adopt the proposed Schedule of Filing Fees;
2. Direct staff to notify representatives of Los Angeles County and the cities and independent special districts in Los Angeles County of the new Schedule of Filing Fees, and further inform said agencies that the schedule will take effect on July 1, 2023;
3. Direct staff to post the Schedule of Filing Fees to the LAFCO website on or around July 1, 2023;

4. Direct staff to adjust fees annually by the amount of the increase in the Consumer Price Index (for Urban Wage Earners and Clerical Workers published by the U.S. Bureau of Labor Statistics for the Los Angeles-Long Beach-Anaheim Area) (CPI Index), to amend the fee schedule accordingly each year on July 1st; and to provide advance notification to representatives of the County of Los Angeles and the cities and independent special districts in Los Angeles County; and
5. Direct staff to conduct a thorough review and analysis of the existing calculations of tasks, hours expended, and burdened labor rates, to identify the then-current costs, and make a recommendation to the Commission if any changes to the filing fee schedule beyond the increased tied to the CPI Index e are warranted, every five years, beginning in July-August of 2028.

WHEREAS, the current filing fees do not cover the costs for LAFCO staff to process, review, and analyze each proposal, as documented in the February 8th staff report and attachments associated with this resolution making determinations, and as further documented in the staff report and attachments presented to and considered by the Commission at its January 11th Meeting; and

WHEREAS, the Commission considered a written staff report and an oral presentation by staff at the January 11, 2023 Meeting, and directed staff to provide notice for a public hearing;

WHEREAS, staff has provided a copy of the proposed filing fee schedule to representatives of the County of Los Angeles, the eighty-eight (88) cities in Los Angeles County, and the fifty-three (53) independent special districts in Los Angeles County, immediately after the Commission's January 11th Meeting; and

WHEREAS, staff has compiled comments from public agency representatives, provided

copies to the Commission, and the Commission has considered those comments; and

WHEREAS, the Executive Officer has given notice of the public hearing pursuant to Government Code §§ 56153, 56154, 56383, and 66016, wherein the public hearing notice was published in a newspaper of general circulation in the County of Los Angeles on Tuesday, January 17, 2023, which is at least 21 days prior to the February 8th public hearing; and

WHEREAS, at the time and place fixed in the notice, the hearing was held, and any and all oral or written comments, objections, and evidence were received and considered; and

WHEREAS, staff has prepared a time and materials study documenting the cost, or estimated cost, to LAFCO to process, review, and analyze an application, a copy of which is attached to the staff report associated with this resolution making determinations;

WHEREAS, the time and materials study demonstrates that the proposed filing fees are set at amounts which do not exceed the estimated amount required to provide the service for which each fee or service charge is levied, as required by Government Code § 66016; and

WHEREAS, the time and materials study was made publicly available by posting it to the LAFCO website on January 23, 2023, consistent with Government Code § 66016;

WHEREAS, staff has prepared a chart which compares the existing fees that are currently being charged pursuant to the filing fee schedule implemented in 2016, as well as the proposed filing fee schedule and identified the revenue sources anticipated to provide the service, a copy of which is attached to the staff report associated with this resolution making

determinations;

WHEREAS, and in the interest of affording potential applicants adequate time in which to file a proposal (or proposals) with LAFCO in advance of the new filing fees being enacted, this filing fee schedule will take effect on July 1, 2023; and

WHEREAS, and to account for annual increased costs for LAFCO staff to process, review, and analyze proposals (applications), the Commission hereby authorizes staff to adjust fees annually, on July 1st of each year, in an amount (percentage) equal to the amount of the increase in the Consumer Price Index (for Urban Wage Earners and Clerical Workers published by the U.S. Bureau of Labor Statistics for the Los Angeles-Long Beach-Anaheim Area), with further direction that staff provide notice, in advance of the annual adjustment, to representatives of the County, the cities and special districts in Los Angeles County, of the revised fees, and that staff and update the filing fee schedule on the LAFCO website accordingly;

Hi Paul,

I'm just helping out an old LAFCo colleague. I think all public agencies are required to justify their fees with a time and materials study, otherwise, your fees are not valid. Maybe I am incorrect and LAFCo's have some type of legislative carve out for not having to meet these requirements. I didn't see anything attached or any reference made to a master fee study in the staff report.

Best of luck always!

Subject: RE: FWProposal to Adjust LAFCO Filing Fees

Hi Paul,

I agree with these changes, hard to operate today on 2006 costs

Two thoughts of mine:

- On the filing fee chart, actual costs for staff, consultant, legal, could the actual fees be listed for all to see
- On the proposal, page 5, conclusions, 2nd line after the word 'staff' spell check needed

On another note, thanks to your staff for working with our surveyor, things are finally moving thanks to you

Subject: RE: Proposal to Adjust LAFCO Filing Fees

Hi Paul,

It's good to hear from you. Thanks again for the help you and your team provided over the past year on the Tesoro del Valle Annexation. I am glad that together we were able to finish the annexation on-time and welcome Tesoro residents to the City, just in time for the holidays.

In regard to the new fees, we appreciate the opportunity to review and provide comment. We understand the need to keep up with the costs associated with the work provided by LAFCO. In reviewing the proposed fees, it appears that the standard application fee in Santa Clarita would nearly double (Currently: \$8,500 and Proposed: \$16,500). When faced with similar increases in the past, the City Council has opted to phase the fees in over a number of years to mitigate the impact to customers. We would strongly recommend that a phased approach be considered here given the significant increase.

Assuming the application fees increase in the near future, could you provide information on what can be done to lock in current fees for a project? We have an annexation that is in the early stages and would like to lock in the fee as soon as we can. Any guidance you can provide would be appreciated.

Thank you again for the opportunity to review and comment on the proposed fees. Please let us know if we can be of any further assistance.

Sincerely,

Ken Striplin
City Manager

Staff Report

Agenda Item No. 9.a.

FY 2022-23 Mid-Year Budget Status Report

Summary: In accordance with Government Code Section 56381, and prior to the statutory requirement of June 15th, the Commission adopted a budget for FY 2022-23 on April 13, 2022. Consistent with prior years, staff herein presents a summary of budgetary revenues and expenses through the middle of the fiscal year, as well as projections for the end of the current fiscal year (FY 2022-23 ends on June 30, 2023).

This mid-year budget status report incorporates recent expenditure changes to provide an overview of the projected year-end position in comparison to the adopted budget. Although there are individual budget categories where expenditures are expected to be slightly above budget, staff anticipates that total 2022-23 expenditures will be approximately 4.4% below the Commission adopted budget. This is largely due to projected year-end savings in several areas (rent, and professional services), as described in more detail below.

Should projections bear out, at the end of Fiscal Year 2022-23 (June 30, 2023) and anticipating that a modest portion of revenues received will be below the adopted budget, a savings of approximately \$77,000, or 4.4%, will become available for next year's budget (FY 2023-24), to be considered by the Commission in March and April of this year.

The following narrative description of the budget categories identifies significant variations from the adopted budget, followed by a spreadsheet providing details on all expenditure and revenue categories.

Expenditures:

Salaries and Employee Benefits: *The Salaries and Employee Benefits are expected to be slightly above the adopted budget by 0.3%.*

Employee Salaries (50001): Cost of living increases were higher than anticipated in the adopted budget; combined with merit increases awarded to staff, employee salaries are slightly above what was anticipated in the adopted budget by, 1.5%.

Retirement (50015): As a LACERA participatory agency, LAFCO is subject to employer contribution rate increases. These rates are a percentage of salaries. During the current fiscal year, LACERA increased employer contribution rates by one quarter of a percent. This expense category is, nevertheless, slightly below budget projections since the adopted budget included an estimated one (1%) percent increase in the employer pension contributions.

OPEB—Existing Retiree (50022): This account reflects existing LAFCO retirees' other post-employment benefits (OPEB), which include the portion of benefits paid by LAFCO.

Office Expenses: *Office Expenses are projected to be below budgeted levels by 4.3%.*

Rent (50025): In June of 2021, the Commission approved a lease extension for LAFCO's current office space at 80 South Lake Avenue in Pasadena. The lease extension provided a three-month rent abatement (for the months of December 2021, January 2022, and February 2022) and a credit of common area charges through December of 2022, the latter of which results in a projected year-end cost savings.

Printing/Copy Charges (50056): A significant portion of expenses in this account are copy charges. Since the Commission met virtually for the first half of the fiscal year, staff did not print hard copies of staff reports.

Conferences/Travel—Commissioners (50057) and Conferences/Travel—Staff (50058): These accounts include budgeted expenses for anticipated commissioner and staff attendance at CALAFCO Conferences, Workshops, and University Sessions, as well as mileage reimbursements. In fall of 2022, CALAFCO successfully hosted its first annual conference since 2019, due to the COVID-19 pandemic. Most of staff, counsel and two Commissioners attended the annual conference. Projected year end expenses include participation in the Staff Workshop in April of 2023. As a result, combined expenses in 50057 and 50058 are expected to above budget. Although the current fiscal year expenses are higher than anticipated, cost savings were achieved in these categories in the prior two fiscal years when no conferences nor staff workshops were scheduled.

Various Vendors (50061): This account includes charges from private vendors providing services to LAFCO on a regular basis. Payments for off-site storage are posted to this account. Staff is undergoing a project to inventory and purge unnecessary files located at this storage facility, which requires additional retrieval and delivery of files; in addition, the monthly charge increased by approximately 30%, causing projected year end expenses to be estimated above the budgeted amount by 32%. Since this is a relatively small line-item, the impact of these increase expenditures is modest.

Miscellaneous—Other (50065): This account includes charges by the County of Los Angeles for the use of the Board room, County services such as County Assessor fees, monthly bank charges, and other miscellaneous charges. At mid-year, expenses in this account are minimal.

Computer-Copier-Misc. Equipment (50067): This account is used as a placeholder to replace computer equipment such as monitors, printers, and keyboards. Staff purchases new computer equipment at the recommendation of LAFCO's IT consultant; due to the varying ages of existing equipment, the timing and actual costs vary from year-to-year.

Professional Services: *Professional Services are expected to be below budget by 24.6%.*

Legal Services (50076): LAFCO utilizes County Counsel for legal services. The amount budgeted is consistent with the amount charged in prior years. The amount listed in the attached spreadsheet reflects counsel invoices billed through December of 2022.

Payroll Service (50077.1): LAFCO uses an outside vendor for payroll services. Charges to this account are for inputting time, processing payroll and generating checks. Staff is in the process of transitioning from one payroll service to another and in the interim maintaining two payroll systems.

Contract Services (50078): A placeholder was included in the annual budget for contract services, which we anticipate will not be utilized during the current fiscal year.

Municipal Service Reviews (50078): The Commission authorized staff to contract for municipal service reviews for multiple cities. The cost for the preparation of service reviews was lower than budgeted, resulting in cost saving of over 41%.

Expenditure Summary:

In summary, it is anticipated that the total expenditures will be approximately 4.4% below budgeted expenditures of \$1,751,843, mostly related to cost savings in rent and professional services.

Revenues:

At mid-year, fee revenues are significantly lower than the budgeted amount by approximately 61%. Although staff works with applicants prior to the filing of proposals, fee generating revenue is always an estimate, and actual filings are entirely outside of LAFCO's control. Conversely, interest earnings are currently above budget due to an increase of earning rates, which have returned to 2019 levels. The combination of higher than anticipated interest earnings and fee revenue projected at 20% below budget, the overall revenue category is expected to be less than budgeted revenues by 4.4%. Again, depending on the actual number of proposals filed, the actual amount at fiscal year-end in June may change considerably. This decrease in filing fees, processing fees, interest income, and other revenues—all of which are unpredictable from year to year—will, have a modest impact on the overall FY 2022-23 budget by the end of the current fiscal year. Should the Commission approve the proposed new filing fee schedule, the fee increase would not take effect until July 1st, 2023, potentially resulting in applicants filing applications in advance, thereby increasing filing fee revenue in the current fiscal year.

Local Agency Apportionment:

The Los Angeles County Auditor Controller has collected 100% of the FY 2022-23 local agency apportionment from local agencies in Los Angeles County (assessments collected from the County of Los Angeles, the cities of Los Angeles County, and the independent special districts of Los Angeles County).

Agenda Item No. 9.b.

FY 2022-23 Mid-Year Investment Report

Background: Commission funds are held in three accounts: an operating account, an operating reserve account in the County Treasury, and a separate government entity bank account used to pay the Commission's monthly operating expenses. The County Auditor-Controller collects the LAFCO apportionment, consistent with Government Code Section 56381.6, which is deposited into the Commission's operating account. Each month, funds are transferred from the operating account to the Commission's government entity bank account to pay the Commission's operating expenditures, consistent with Commission-approved appropriations.

Commission funds held in the County Treasury accrue interest. All interest earnings are included in the Commission's budget under Interest Income (40007).

In addition, in May of 2018, the Commission established an Other-Post-Employment-Benefits (OPEB) Trust fund to reduce its unfunded OPEB liability. LAFCO funds for its OPEB liability are held in the California Public Employees' Retirement System (CalPERS)—California Employers' Retirement Benefit Trust (CERBT) Fund. While the funds held in CERBT do not accrue interest, per se, the balance in the CERBT account fluctuates, based upon the earnings of CERBT's investments.

This report identifies the mid-year status of investment earnings as well as the status of LAFCO's holdings in the CERBT account.

Interest Earnings:

Consistent with the Investment Policy (adopted by the Commission in 2017), staff provides the Commission with periodic reports on the status of investment income.

The average earning rate for those funds held in the County Treasury had declined steadily since 2020 and bottomed out at 0.48% in March of 2021 (FY 2020-21). An upward interest rate earnings trend began in January of 2022. At the beginning of the current fiscal year, the average earning rate was at 1.15%. As of December 31, 2022, the earning rate was 3.15%. Interest income accrued since the beginning of the fiscal year through the most recent Monthly Report of Investments is approximately \$17,400. Projected year-end interest income is expected to be significantly above the amount approved in the Commission's annual budget for FY 2022-23 by approximately 150%, or \$15,000. As noted separately (in the Mid-Year Budget Status Report, Agenda Item 9.a.), staff projects that investment income at the end of the current fiscal year (June 30, 2023) will be \$25,000, whereas the amount projected in the adopted budget is \$10,000.

CERBT investment earnings for the current fiscal year have accrued at a net return of 0.17%. At the beginning of the fiscal year, the CERBT balance was \$610,301. As of the writing of this staff report, January 25, 2023, the CERBT account balance is \$630,568.

Recommended Action:

Staff recommends that the Commission:

1. Receive and file the Mid-Year Investment Report.

Alternate Public Member Recruitment

Government Code Section 56326(f) states that the “other members of the commission may also appoint one alternate” public member [emphasis added]. The Alternate Public Member may serve and vote in place of the regular Public Member when that member is absent or disqualifies himself or herself from participating in a Commission meeting.

Until recently, the Alternate Public Member was David Lesser, who was serving a four-year term that would expire in May of 2024. Mr. Lesser submitted a resignation letter, on December 5, 2022, indicating that he was elected to the Manhattan Beach City Council on December 13, 2022.

Government Code Section 56331 prohibits “an officer or employee of the county or any city or district with territory in the county” from serving as a public member or alternate public member. Upon becoming a Manhattan Beach City Councilmember, Mr. Lesser became an “officer or employee” of the City of Manhattan Beach and became ineligible to serve as the Alternate Public Member of the Commission.

The remaining term of office for Alternate Public Member expires on May 1, 2024. Thereafter, the term of office is four (4) years, with no restrictions against the incumbent seeking re-appointment.

At the January 11, 2023 meeting, the Commission directed the Executive Officer to post and publicize the Alternate Public Member vacancy.

Staff conducted the following outreach:

- The Notice of Vacancy was posted on the Commission's website on Wednesday, January 11, 2023;
- A press release was issued on Wednesday, January 11, 2023 announcing the vacancy and distributed to media organizations by the County;
- Copies of the Notice of Vacancy were e-mailed on Thursday, January 12, 2023 to representatives of:
 - The County of Los Angeles; the Cities, and Independent Special Districts in Los Angeles County;
 - Members of Los Angeles City’s Neighborhood Councils; and

- Southern California Association of Governments (“SCAG”) and the regional Councils of Governments (“COGs”).
- Copies of the Notice of Vacancy were sent via U.S. Mail on Thursday, January 12, 2023 to the representatives of:
 - Town Councils within unincorporated territory; and
 - Chambers of Commerce.
- A copy of the Notice of Vacancy was posted at all County libraries on Monday, January 30, 2023.

The deadline to submit an application to the LAFCO office is 5:00 p.m. on Monday, March 13, 2023. As of Thursday, January 26, 2023, staff has received nine (9) applications to fill the vacancy for the Alternate Public Member.

Recommended Action:

- Authorize the Chair, on Wednesday, March 8, 2023, to appoint four (4) members to an Ad Hoc Committee of the Commission to screen the initial round of applicants;
- Direct staff to agendize the Ad Hoc Committee to identify Alternate Public Member finalists and to make recommendations for a group of no more than eight (8) finalists for consideration by the Commission;
- Direct staff to agendize the interview of finalists for the Regular Meeting of the Commission on Wednesday, April 5, 2023; and
- Appoint an Alternate Public Member at the regular meeting of the Commission on Wednesday, May 10, 2023.

Agenda Item No. 9.d.

Commissioner Request to Participate Remotely

A new law (AB 2449), which took effect on January 1, 2023, allows members of legislative bodies (including LAFCO commissioners) to participate remotely (virtually) under certain, limited circumstances. A commissioner may request remote participation in advance, or at the start of a Commission meeting, for just cause or due to emergency circumstances.

Commissioner Margaret Finlay (City Voting Member and Commission Second Vice Chair) has requested that the Commission find that, due to just cause, she be allowed to participate in three (3) Commission meetings virtually. Staff and legal counsel have reviewed the entirety of AB 2449, and they are comfortable that LAFCO meets all legal requirements to accommodate this remote participation for up to two (2) meetings (see discussion, below).

AB 2449 allows a member of a legislative body to participate virtually, so long as the member “notifies the legislative body at the earliest opportunity possible, including the start of a regular meeting, of their need to participate remotely for just cause, including a general description of the circumstances relating to their need to appear remotely at the given meeting.” AB 2449 defines the term “just cause” as any of the following: “a childcare or caregiving need of a child, parent, grandparent, grandchild, sibling, spouse, or domestic partner . . . a contagious illness . . . a need related to a physical or mental disability . . . or travel while on official business of the legislative body.”

AB 2449 allows a member of a legislative body to participate virtually, in the event of an emergency circumstance, which is defined as a “physical or family medical emergency that prevents a member from attending in person.”

A member may not participate remotely for “more than three consecutive months or twenty 20 percent of the regular meetings of a local agency within a calendar year.” Presuming eleven (11) regular meetings of the Commission in 2023, the “twenty-percent” requirement for LAFCO would be 2.2 meetings, or in practical effect, two meetings. Given this limitation, staff and counsel have determined that the Commission has the authority to approve up to two (2) virtual meetings of the three requested by Commissioner Finlay.

Commissioner Finlay has a schedule conflict for three (3) upcoming meetings (the March 8; April 12; and May 10, 2022 meetings). The conflict requires that Commissioner Finlay attend meetings in the City of Duarte pertaining to a work conflict. Because she is unable to attend today’s meeting, she asked the Executive Officer to forward her request (enclosed) to participate remotely, as allowed under AB 2449. Pursuant to AB 2449, the authority to approve, or to deny, any request to participate remotely rests with the legislative body itself (in this case, the Commission).

Staff recommends that the Commission:

1. Approve Second Vice Chair and Commissioner Finlay's request, to participate remotely for one or two meetings; or
2. Deny Second Vice Chair and Commissioner Finlay's request, to participate remotely for one or two meetings.

Hello Paul, thanks for sending me the meeting schedule. I will be unable to attend the meeting on February 8th due to a trip but March 8th, April 12th, and May 10th are days that I will only be available to call in, due to a work conflict. On subsequent 2nd Wednesdays, I most likely will not have that conflict. Thanks very much. I appreciate your understanding. Margaret

What to Know About Brown Act Legislation Reaching the Finish Line

By [Vanessa Gonzales](#) posted 08-29-2022 02:15 PM

In response to challenges experienced and lessons learned throughout the COVID-19 pandemic, three bills amending the Brown Act and supported by CSDA have passed the State Legislature. Governor Gavin Newsom signed Senate Bill 1100 (Cortese) last week and Assembly Bill 2647 (Levine) and Assembly Bill 2449 (Rubio) now await his consideration. AB 2449 (Rubio), related to remote meetings, is arguably the most significant Brown Act legislation to clear the Legislature since CSDA-sponsored Assembly Bill 361 (R. Rivas) was signed into law last year.

[Assembly Bill 2449 \(Rubio\)](#) establishes a new avenue for a minority of a local agency's board to meet remotely without noticing or providing public access to their remote meeting location under modified Brown Act requirements provided that the agency abides by the strict substantive and procedural requirements within the legislation. Local agencies may avail themselves of the alternative agenda posting and teleconference requirements, potentially making it easier for local agency board members to participate in a meeting remotely under certain circumstances that would've otherwise precluded that participation.

AB 2449 passed the State Senate last week on a 36-3-1 vote, proceeding next to the Assembly floor, whereupon the measure passed with a 67-2-11 vote. Having reached the engrossing and enrolling stage, the bill now awaits action by Governor Newsom. If signed, the bill would take effect at the start of 2023. The bill contains multiple sunset dates, though perhaps the most relevant is the January 1, 2026 sunset, after which time all the provisions added by AB 2449 lapse and become unavailable to local agencies.

The freedoms granted by AB 2449 may be familiar to those accustomed to holding meetings under the framework established by [Assembly Bill 361 \(R. Rivas, 2021\)](#). AB 361 remains in effect through 2023 and can still be used by local agencies during any state-declared emergency. If signed into law, the provisions of AB 2449 would provide an entirely separate and distinct method of conducting remote meetings from that

provided by AB 361. Therefore, local agencies would have the option to conduct remote meetings under the provisions of AB 2449, AB 361, or traditional Brown Act teleconference requirements. Local agencies may also choose to conduct public meetings entirely in-person under the Brown Act.

What is different about AB 2449 remote meetings?

Under the provisions of AB 2449, agencies would not be obligated to post agendas at all teleconference locations, would not be obligated to identify all teleconference locations in the meeting agendas, and would not be obligated to make each teleconference location open to the public.

However, for an agency to proceed under the procedures established by AB 2449, it must observe the requirement that *at least* a quorum of the members of the legislative body participates in-person from a singular, physical location clearly identified on the agenda, open to the public, and situated within the boundaries of the territory over which the local agency exercises jurisdiction. This stands in notable contrast to the provisions of AB 361, which contains no such requirement. Under AB 2449, it *would not be permissible* to have the *entirety* of the board participate remotely pursuant to the bill's provisions. Another departure from the AB 361 rules includes the fact that remote participation under AB 2449 must be done for specified reasons — either because of a “just cause” or as a result of “emergency circumstances.” The two cases have different requirements that must be observed and have their own unique restrictions.

The agency must also be prepared to host a robust remote meeting — under the terms of AB 2449, an agency must provide *at least* one of the following so that the public may remotely observe the meeting and provide comments:

- A two-way audiovisual platform (defined to mean an online platform that provides participants with the ability to participate in a meeting via both an interactive video conference and a two-way telephonic function); and/or
- A two-way telephonic service *and* a live webcasting of the meeting (defined to mean a telephone service that does not require internet access, is not provided as part of a two-way audiovisual platform, and allows participants to dial a telephone number to listen and verbally participate)

Under what conditions may board members use AB 2449?

Board agency members are also *individually* tasked with observing certain requirements before they can make use of AB 2449's terms. It is incumbent upon the

individual board members themselves to follow certain requirements laid out in the bill; save for some overlapping obligations, the requirements differ based on whether the member's remote participation is arising out of a "just cause" or "emergency circumstances," as shown below:

"Just Cause"	"Emergency Circumstances"
<p>✓ The member notifies the legislative body at the earliest opportunity possible (including at the start of a regular meeting) of their need to participate remotely for "<u>just cause</u>," including a general description (typically not exceeding 20 words) of the circumstances relating to their need to appear remotely at the given meeting.</p> <p>Remote participation for "just cause" reasons shall not be utilized by any member of the legislative body for more than two meetings per calendar year.</p>	<p>✓ The member requests the legislative body to allow them to participate in the meeting remotely due to "<u>emergency circumstances</u>" and the legislative body takes action to approve the request. The member shall make this request to participate remotely at a meeting as soon as possible. The legislative body shall request a general description (typically not exceeding 20 words) of the circumstances relating to their need to appear remotely at the given meeting.</p> <p>✓ The member shall make a separate request for each meeting in which they seek to participate remotely.</p>
<p><u>"Just cause"</u> means any of the following:</p> <ul style="list-style-type: none"> • A childcare or caregiving need of a child, parent, grandparent, grandchild, sibling, spouse, or domestic partner that requires them to participate remotely • A contagious illness that prevents a member from attending in person • A need related to a physical or mental disability (as defined [1][2]) not otherwise accommodated • Travel while on official business of the legislative body or another state or local agency 	<p>The general description of the circumstances does not require the member to disclose any medical diagnosis or disability, or any personal medical information that is already exempt under existing law, such as the Confidentiality of Medical Information Act.</p> <p>The legislative body may take action on a request to participate remotely at the earliest opportunity. If the request does not allow sufficient time to place proposed action on such a request on the posted agenda for the meeting for which the request is made, the legislative body may take action at the beginning of the meeting in accordance with <u>existing law</u>.</p>

“Emergency circumstances” means a physical or family medical emergency that prevents a member from attending in person.

✓ The member shall publicly disclose at the meeting, before any action is taken, whether any other individuals 18 years of age or older are present in the room at the remote location with the member, and the general nature of the member’s relationship with any such individual(s).

✓ The member shall participate through *both* audio and visual technology.

Under neither case (“just cause”/“emergency circumstances”) do AB 2449’s provisions permit any member of a legislative body to participate in meetings of the legislative body solely by teleconference from a remote location for a period of

- more than three consecutive months or 20 percent of the regular meetings for the local agency within a calendar year, *or*
- more than two meetings *if the legislative body regularly meets fewer than 10 times per calendar year*

Based on the requirements that both the agency and agency board member must observe, it would be imperative that there is ample coordination taking place in advance of a meeting in order to abide by the terms of AB 2449. While some of the provisions are related to circumstances that are, by nature, difficult or impossible to anticipate, agencies can still prepare in advance for the requirements by ensuring that they operate a remote meeting system that meets all the procedural and substantive requirements of AB 2449, while also developing a means for agency board members to submit their remote meeting requests and preparing the associated recordkeeping related to tracking board member reliance on AB 2449’s provisions. Agencies would also be well-served to ensure board members are familiar with the requirements within AB 2449, particularly the requirement that the board member must participate through both audio and visual technology.

Agenda Item No. 10.a.

Legislative Update

Because the Legislature reconvened shortly before the drafting of this report, staff has only begun beginning to identify legislation which may be of interest to the Commission.

Legislation:

- **SB 68 (McGuire):** This is a spot bill, which was introduced on January 5th. The bill is potentially of interest because the introduction mentions the Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000. Staff is working to obtain additional information and will report back at the March meeting.

Potential Legislation:

The California Association of Local Agency Formation Commissions (CALAFCO) sponsoring the following bill in the current legislative session:

- **Annual Omnibus Bill (Assembly Local Government Committee):** Based upon ideas solicited by various LAFCOs, and as reviewed and approved by CALAFCO's Legislative Committee, the Executive Director has submitted language to ALGC for three proposed omnibus items. The proposed items must be reviewed by the Chair of ALGC, the ALGC committee consultant, and Legislative Counsel prior to introduction. Staff will present the draft bill to the Commission as soon as it becomes available.

CALAFCO is evaluating other potential legislative proposals, but nothing is finalized at this time.

Recommended Action:

Staff recommends that the Commission:

1. Receive and file the Legislative Update.

Staff Report

February 8, 2023

Agenda Item No. 12.a.

Executive Officer's Written Report

The Executive Officer reports the following:

- **Special District Risk Management Authority (SDRMA) Board of Directors:**
SDRMA, the insurance authority affiliated with the California Special District Association (CSDA), is soliciting candidates for its Board of Directors (see Agenda Item 6.e.i, Miscellaneous Communications). Because eligibility requires participation in both SDRMA's property/liability and workers' compensation programs, LAFCO commissioners and management are ineligible to apply (LAFCO secures workers' compensation insurance from SDRMA, but not property/liability insurance, which it secures from the California Joint Powers Risk Insurance Management Authority, or JPRIMA, which is affiliated with the California Association of Mutual Water Companies, or CalMutuals).

Staff Recommendation:

1. Receive and file the Executive Officer's Report.
