Legislation:

The following bills (and "potential" bills) may be of interest to the Commission:

No longer addresses consolidation of waste water systems but, rather, As amended on January 22, 2024, AB 805 would set up a program in which the State of California Water Resources Control Board (Board) would be authorized to order a sewer service provider serving a disadvantaged community to retain an administrator approved by the Board for administrative, technical, operational, legal, or managerial services to assist the sewer service provider with provision of adequate sewer service. The California Association of Local Agency Formation Commissions (CALAFCO) is seeking an amendment requiring the Board to consult with the local LAFCO regarding the system. The bill is pending before the Senate Rules Committee, awaiting assignment to a policy committee.
- **AB 3277 (Assembly Local Government Committee):** The Assembly Local Government Committee introduced AB 3277 on February 27, 2024. This is the annual CALAFCO Omnibus Bill. (Additional information can be found in Agenda Item No. 10.b., in which staff recommends that the Commission take a "support" position).
- **SB 1209 (Cortese):** Sponsored by CALAFCO, SB 1209 was introduced by Senator Cortese on February 15, 2024. The bill would authorize a LAFCO to require, as a condition for processing a change of organization or reorganization, that the applicant agrees to defend, indemnify, and hold harmless the LAFCO, its agents, officers, and employees from and against any claim, action, or proceeding, as specified, arising from or relating to the action or determination by the LAFCO. The bill is pending before the Senate Local Government Committee. (Additional information can be found in Agenda Item No. 10.a., in which staff recommends that the Commission take a "support" position).

Annexation No. 1110 to the Santa Clarita Valley Sanitation District of Los Angeles County

PROPOSAL SUMMARY:

Size of Affected Territory:	4.41± acres
Inhabited/Uninhabited:	Uninhabited
Applicant:	Santa Clarita Valley Sanitation District of Los Angeles County
Resolution:	May 15, 2023
Application Filed with LAFCO:	June 1, 2023
Certificate of Filing	February 22, 2024
Location:	The affected territory is located on the south side of Lost Canyon Road approximately 900 feet east of Sand Canyon Road.
City/County:	City of Santa Clarita.
Affected Territory:	The affected territory is residential. The territory consists of one (1) existing single-family home. The topography is flat.
Surrounding Territory:	Surrounding territory is residential.
Landowner:	Jose and Martha Gonzalez
Registered Voters:	One (1) registered voter as of November 13, 2020.
Purpose/Background:	For the District to provide off-site sewage disposal service.
Jurisdictional Changes:	The jurisdictional changes that result from this proposal include annexation to the Santa Clarita Valley Sanitation District of Los Angeles County.

Within SOI: Yes. The affected territory is within the Santa Clarita Valley Sanitation District SOI.

Waiver of Public Hearing: Pursuant to Government Code § 56662(a), the Commission may waive notice and the public hearing for the annexation, because the proposal meets all of the following criteria: the affected territory is uninhabited; no affected local agency has submitted a written demand for notice and hearing within ten (10) days following the mailed notice; and all owners of land within the affected territory have given their written consent to the proposal. Staff has therefore agendized the Proposal on the Commission “Consent Item(s)” portion of the Agenda as Agenda Item 6.i.

California Environmental Quality Act (CEQA) Clearance: The Commission is a responsible agency pursuant to CEQA and State CEQA Guidelines § 15096 with respect to the proposed annexation, and in its independent judgment on the record determines that the proposal is categorically exempt from CEQA pursuant to State CEQA Guidelines § 15319(a) because the annexation area consists of existing structures developed to the density allowed by the current zoning and the extension of services to the existing facilities would have the capacity to only serve the existing facilities. A Categorical Exemption was adopted by the Santa Clarita Valley Sanitation District of Los Angeles County, as lead agency, on May 15, 2023.

Additional Information: None.

CERTIFICATE OF FILING

Pursuant to Government Code § 56020.6, a Certificate of Filing (COF) is “the document issued by the executive officer that confirms an application for a change of organization or reorganization has met submission requirements and is accepted for filing.”

Upon reviewing the proposal for completeness, and pursuant to the requirements of Government Code § 56658, the Executive Officer issued the COF to the applicant on February 22, 2024. In conjunction with the issuance of the COF, the Executive Officer set the date of consideration for this proposal as Wednesday, March 13, 2024.

FACTORS TO BE CONSIDERED PURSUANT TO GOVERNMENT CODE § 56668:

a. Affected population, territory and adjacent areas:

The existing population is five (5) residents as of November 13, 2020. The population density is 1.13 persons per acre.

The estimated future population is five (5) residents (no anticipated change).

The affected territory is 4.41+/- acres. The affected territory is residential. The territory consists of one (1) existing single-family home.

The assessed valuation is \$1,066,010 as of November 13, 2020.

The per capita assessed valuation is 213,202.00.

On November 7, 2023, the County adopted a negotiated tax exchange resolution; all other involved public agencies have adopted a corresponding property tax transfer resolution.

The topography of the affected territory is flat.

The Santa Clara River is 1,000 ft north of the affected territory.

There are no drainage basins on or near the affected territory.

The affected territory is surrounded by populated areas on all sides.

The affected territory is likely to experience no growth in the next ten years. The adjacent areas are likely to experience modest growth in the next ten years.

b. Governmental Services and Controls:

The affected territory includes one (1) existing single-family home which requires organized governmental services.

The present cost and adequacy of governmental services and controls in the area are acceptable. With respect to sanitary sewage disposal, other than service provided by the District, there is no other sewer service alternative. The Los Angeles County Department of Public Health prohibits the installation, alteration, or repair of any on-site wastewater treatment systems for any building for which connection to a public sewer system is available within 200 feet. Due to the proposed land uses within the annexation area and its proximity to existing sewer infrastructure, public sewer service is the only viable alternative for development to occur. The cost of sewage disposal by the District is relatively preferable since the annexation is relatively close to an existing public sewer system. Service by the District is environmentally superior in terms of wastewater treatment, effluent discharge, and impacts on surface water bodies and groundwater.

c. *Proposed Action and Alternative Actions:*

The proposed action will have no effect on adjacent areas. The proposed action will have no effect on mutual social and economic interests. The proposal has no impact on the local government structure of the County. There is no alternative to public sewage disposal. Service by the District is considered more reliable than septic systems. Service by the District is environmentally superior in terms of wastewater treatment, effluent discharge, and impacts on surface water bodies and groundwater.

d. *Conformity with Commission Policies on Urban Development and Open Space, and Conformity with Open Space Land Conversion Policies in Government Code § 56377:*

The proposal does not conflict with any Commission-adopted policies on urban development and open space conversion.

There is no prime agricultural land within or adjacent to the affected territory. The proposal conforms with the objectives in Government Code § 56377.

e. *Agricultural Lands:*

There are no effects on agricultural lands, as defined by Government Code § 56016. None of the land within the affected territory is currently used for the purpose of producing an agricultural commodity for commercial purposes, land left fallow under a crop rotation program, or land enrolled in an agricultural subsidy or set-aside program. According to the California Department of Conservation, Division of Land Resource Protection, none of the land within the affected territory is subject to a Land Conservation Act (aka "Williamson Act") contract nor in a Farmland Security Zone (California Land Conservation Act 2020-2021 Status Report).

f. *Boundaries:*

The boundaries of the affected territory have been clearly defined by the applicant, conform to lines of assessment or ownership, and have been reviewed and approved by LAFCO's GIS/Mapping Technician.

As a special district annexation, the proposal has no impact on existing city-county boundaries, nor does it create islands or corridors of unincorporated territory.

g. *Regional Transportation Plan:*

The Southern California Associated Governments (SCAG) adopted its 2020-2045 Regional Transportation Plan (RTP) and Sustainable Communities Strategy (SCS) pursuant to Government Code § 65080. The closest highway to the annexation is part of the RTP and SCS's State Highway improved program. The closest highway in the RTP/SCS is the Antelope Valley Freeway, which is approximately 2,000 feet north from the affected territory.

h. *Consistency with Plans:*

The proposal is consistent with the existing City's General Plan designation of Urban Residential 1(UR1).

The affected territory is not within the boundaries of any Specific Plan.

Pre-zoning is not a requirement for a special district proposal.

i. *Sphere of Influence:*

The affected territory is within the Sphere of Influence of the Santa Clarita Valley Sanitation District of Los Angeles County.

j. *Comments from Public Agencies:*

Staff did not receive any significant comments from public agencies or any resolutions raising objections from any affected agency.

k. *Ability to Provide Services:*

Although the affected territory is not currently served by the District, the area was included in the future service area that might be served by the District in its Sewer Facilities Plan. The District's future wastewater management needs were addressed in the 2015 Santa Clarita Joint Sewerage System Facilities Plan and EIR.

l. *Timely Availability of Water Supplies:*

There are no known issues regarding water supply or delivery. The affected territory is within the boundaries of the Santa Clarita Water Agency, which is the local water purveyor.

m. *Regional Housing Needs:*

As a special district annexation, the proposal will not affect any city, nor the county, in achieving their respective fair shares of the regional housing needs as determined by the Southern California Association of Governments (SCAG).

n. *Comments from Landowners, Voters, or Residents:*

Staff did not receive any significant comments from landowners, voters, or residents.

o. Land Use Designations

The proposal is consistent with the existing City's General Plan designation of Urban Residential 1 (UR1).

The proposal is consistent with the existing City's zoning designation of Urban Residential (UR1).

p. Environmental Justice:

All of the owners of real property within the affected territory have requested, in writing, that the District provide off-site sewage disposal service. Property-owners of adjacent areas did not request such service, and/or were contacted by Sanitation District staff and were not interested in securing such service or did not respond. The proposal makes no representations on exclusions of peoples of any race, culture, income and/or national origins with respect to the location of public facilities and public services, to ensure a healthy environment for all people such that the effects of the pollution are not disproportionately borne by any particular populations or communities.

The Safety Element of the General Plan for the City of Santa Clarita (adopted May 2022) addresses reduction of the potential risk of death, injuries, and economic damages resulting from natural and man-made hazards.

The affected territory is not within a Very High Fire Hazard Zone pursuant to maps published by the California Department of Forestry and Fire Protection (Cal Fire). The affected territory is not within the maps that identify State Responsibility Area. Both the City of Santa Clarita Hazard Mitigation Plan and the Safety Element of the General Plan include information relating to mitigation and management of wildfire and fire hazard severity zones.

**ADDITIONAL FACTORS TO BE CONSIDERED PURSUANT TO GOVERNMENT
CODE § 56668.3:**

a) District Annexation or City Detachment:

The proposed action involves a district annexation.

(1) *Interest in landowners/inhabitants, district annexations:*

The proposed action will be for the interest of the landowners and/or present and/or future inhabitants within the district and within the affected territory.

(2) *Interest in landowners/inhabitants, city detachments:*

The proposed action does not involve a city detachment.

(5) *Any other matters which the commission deems material:*

There are no additional matters which the commission deems material to the proposed action.

REGIONAL GROWTH CONSIDERED PURSUANT TO GOVERNMENT CODE § 56668.5:

The Southern California Associated Governments (SCAG) adopted its 2020-2045 Regional Transportation Plan (RTP) and Sustainable Communities Strategy (SCS) pursuant to Government Code § 65080.

Regional growth goal and policies were a consideration of the proposed action.

ADDITIONAL INFORMATION/OTHER MATTERS (RELEVANT TO THE PROPOSAL):

None.

CALIFORNIA ENVIRONMENTAL QUALITY ACT (CEQA) CLEARANCE:

The Commission is a responsible agency pursuant to CEQA and State CEQA Guidelines § 15096 with respect to the proposed annexation, and in its independent judgment on the record determines that the proposal is categorically exempt from CEQA pursuant to State CEQA Guidelines § 15319(a) because the annexation area consists of existing structures developed to the density allowed by the current zoning and the extension of services to the existing facilities would have the capacity to only serve the existing facilities.

DETERMINATIONS WITHOUT NOTICE AND HEARING, AND WAIVER OF PROTEST PROCEEDINGS:

Pursuant to Government Code § 56662(a), the Commission may make determinations upon the proposed annexation without notice and hearing and may waive protest hearings for the reasons set forth herein. The territory is uninhabited. To date, no affected local agency has submitted a written demand for notice and hearing during the 10-day period referenced in Government Code § 56662(c). Furthermore, the proposal was accompanied by satisfactory proof that all the landowners within the affected territory have given their written consent to the proposed annexation. Based thereon, the Commission may make determinations on the proposed annexation without notice and hearing, and the Commission may waive protest proceedings.

CONCLUSION:

Staff recommends approval of the proposal as a logical and reasonable extension of the Santa Clarita Valley Sanitation District of Los Angeles County which will be for the interest of landowners and/or present and/or future inhabitants within the District and within the annexation territory.

Upon reviewing the proposal for completeness, and pursuant to the requirements of Government Code § 56658, the Executive Officer issued the COF to the applicant on February 22, 2024. In conjunction with the issuance of the COF, the Executive Officer set the date of consideration for this proposal as Wednesday, March 13, 2024.

FACTORS TO BE CONSIDERED PURSUANT TO GOVERNMENT CODE § 56668:

a. Affected population, territory and adjacent areas:

The existing population is one (1) resident as of January 20, 2022. The population density is 1.54 persons per acre.

The estimated future population is one (1) resident (no anticipated change).

The affected territory is 0.65+/- acres. The affected territory is residential. The territory consists of one (1) existing single-family home.

The assessed valuation is \$361,202 as of January 20, 2022.

The per capita assessed valuation is \$361,202.

On November 7, 2023, the County adopted a negotiated tax exchange resolution; all other involved public agencies have adopted a corresponding property tax transfer resolution.

The topography of the affected territory is flat.

There are no drainage basins on or near the affected territory.

The affected territory is surrounded by populated areas on all sides.

The affected territory is likely to experience no growth in the next ten years. The adjacent areas are likely to experience modest growth in the next ten years.

b. Governmental Services and Controls:

The affected territory includes one (1) existing single-family home which requires organized governmental services.

The present cost and adequacy of governmental services and controls in the area are acceptable. With respect to sanitary sewage disposal, other than service provided by the

District, there is no other sewer service alternative. The Los Angeles County Department of Public Health prohibits the installation, alteration, or repair of any on-site wastewater treatment systems for any building for which connection to a public sewer system is available within 200 feet. Due to the proposed land uses within the annexation area and its proximity to existing sewer infrastructure, public sewer service is the only viable alternative for development to occur. The cost of sewage disposal by the District is relatively preferable since the annexation is relatively close to an existing public sewer system. Service by the District is environmentally superior in terms of wastewater treatment, effluent discharge, and impacts on surface water bodies and groundwater.

c. *Proposed Action and Alternative Actions:*

The proposed action will have no effect on adjacent areas. The proposed action will have no effect on mutual social and economic interests. The proposal has no impact on the local government structure of the County. There is no alternative to public sewage disposal. Service by the District is considered more reliable than septic systems. Service by the District is environmentally superior in terms of wastewater treatment, effluent discharge, and impacts on surface water bodies and groundwater.

d. *Conformity with Commission Policies on Urban Development and Open Space, and Conformity with Open Space Land Conversion Policies in Government Code § 56377:*

The proposal does not conflict with any Commission-adopted policies on urban development and open space conversion.

There is no prime agricultural land within or adjacent to the affected territory. The proposal conforms with the objectives in Government Code § 56377.

e. *Agricultural Lands:*

There are no effects on agricultural lands, as defined by Government Code § 56016. None of the land within the affected territory is currently used for the purpose of producing an agricultural commodity for commercial purposes, land left fallow under a crop rotation program, or land enrolled in an agricultural subsidy or set-aside program. According to the California Department of Conservation, Division of Land Resource Protection, none of the land within the affected territory is subject to a Land Conservation Act (aka "Williamson Act") contract nor in a Farmland Security Zone (California Land Conservation Act 2020-2021 Status Report).

f. *Boundaries:*

The boundaries of the affected territory have been clearly defined by the applicant, conform to lines of assessment or ownership, and have been reviewed and approved by LAFCO's GIS/Mapping Technician.

As a special district annexation, the proposal has no impact on existing city-county boundaries, nor does it create islands or corridors of unincorporated territory.

g. Regional Transportation Plan:

The Southern California Associated Governments (SCAG) adopted its 2020-2045 Regional Transportation Plan (RTP) and Sustainable Communities Strategy (SCS) pursuant to Government Code § 65080. The closest highway to the annexation is part of the RTP and SCS's State Highway improved program. The closest highway in the RTP/SCS is the Antelope Valley Freeway (14 fwy), which is approximately 4,000 feet southeast from the affected territory.

h. Consistency with Plans:

The proposal is consistent with the existing City's General Plan designation of Urban Residential 1 (UR1).

The affected territory is not within the boundaries of any Specific Plan.

Pre-zoning is not a requirement for a special district proposal.

i. Sphere of Influence:

The affected territory is within the Sphere of Influence of the Santa Clarita Valley Sanitation District of Los Angeles County.

j. Comments from Public Agencies:

Staff did not receive any significant comments from public agencies or any resolutions raising objections from any affected agency.

The District's future wastewater management needs were addressed in the 2015 Santa Clarita Joint Sewerage System Facilities Plan and EIR.

l. Timely Availability of Water Supplies:

There are no known issues regarding water supply or delivery. The affected territory is within the boundaries of the Santa Clarita Water Agency, which is the local water purveyor.

m. Regional Housing Needs:

As a special district annexation, the proposal will not affect any city, nor the county, in achieving their respective fair shares of the regional housing needs as determined by the Southern California Association of Governments (SCAG).

n. Comments from Landowners, Voters, or Residents:

Staff did not receive any significant comments from landowners, voters, or residents.

o. Land Use Designations

The proposal is consistent with the existing City's General Plan designation of Urban Residential 1 (UR1).

The proposal is consistent with the existing City's zoning designation of Urban Residential 1 (UR1).

p. Environmental Justice:

All of the owners of real property within the affected territory have requested, in writing, that the District provide off-site sewage disposal service. Property-owners of adjacent areas did not request such service, and/or were contacted by Sanitation District staff and were not interested in securing such service or did not respond. The proposal makes no representations on exclusions of peoples of any race, culture, income and/or national origins with respect to the location of public facilities and public services, to ensure a healthy environment for all people such that the effects of the pollution are not disproportionately borne by any particular populations or communities.

The affected territory is not within a Very High Fire Hazard Zone pursuant to maps published by the California Department of Forestry and Fire Protection (Cal Fire). The affected territory is not within the maps that identify State Responsibility Area. Both the City of Santa Clarita Hazard Mitigation Plan and the Safety Element of the General Plan include information relating to mitigation and management of wildfire and fire hazard severity zones.

CODE § 56668.3:**

a) District Annexation or City Detachment:

The proposed action involves a district annexation.

(1) Interest in landowners/inhabitants, district annexations:

Waiver of Public Hearing:

Pursuant to Government Code § 56662(a), the Commission may waive notice and the public hearing for the annexation, because the proposal meets all of the following criteria: the affected territory is uninhabited; no affected local agency has submitted a written demand for notice and hearing within ten (10) days following the mailed notice; and all owners of land within the affected territory have given their written consent to the proposal. The Commission is a responsible agency pursuant to CEQA and State CEQA Guidelines § 15096 with respect to the proposed annexation, and in its independent judgment on the record determines that the proposal is categorically exempt from CEQA pursuant to State CEQA Guidelines § 15319(a) because the annexation area consists of existing structures developed to the density allowed by the current zoning and the extension of services to the existing facilities would have the capacity to only serve the existing facilities. CERTIFICATE OF FILING

Pursuant to Government Code § 56020.6, a Certificate of Filing (COF) is “the document issued by the executive officer that confirms an application for a change of organization or reorganization has met submission requirements and is accepted for filing.”

Upon reviewing the proposal for completeness, and pursuant to the requirements of Government Code § 56658, the Executive Officer issued the COF to the applicant on February 22, 2024. In conjunction with the issuance of the COF, the Executive Officer set the date of consideration for this proposal as Wednesday, March 13, 2024.

FACTORS TO BE CONSIDERED PURSUANT TO GOVERNMENT CODE § 56668:

a. Affected population, territory and adjacent areas:

The existing population is zero (0) residents as of February 23, 2022.

The population density issue does not apply because the affected territory is unpopulated.

The estimated future population is zero (0) residents (no anticipated change).

The affected territory is 0.69+/- acres. The affected territory is commercial. The territory consists of one (1) existing medical clinic.

The assessed valuation is \$289,650 as of February 23, 2022.

The per capita assessed valuation issue does not apply because the affected territory is unpopulated.

On November 7, 2023, the County adopted a negotiated tax exchange resolution; all other involved public agencies have adopted a corresponding property tax transfer resolution.

The topography of the affected territory is flat.

There are no drainage basins on or near the affected territory.

The affected territory is surrounded by populated areas on all sides.

The affected territory is likely to experience no growth in the next ten years. The adjacent areas are likely to experience modest growth in the next ten years.

b. Governmental Services and Controls:

The affected territory includes one (1) existing medical clinic which requires organized governmental services.

The present cost and adequacy of governmental services and controls in the area are acceptable. With respect to sanitary sewage disposal, other than service provided by the District, there is no other sewer service alternative. The Los Angeles County Department of Public Health prohibits the installation, alteration, or repair of any on-site wastewater treatment systems for any building for which connection to a public sewer system is available within 200 feet. Due to the proposed land uses within the annexation area and its proximity to existing sewer infrastructure, public sewer service is the only viable alternative for development to occur. The cost of sewage disposal by the District is relatively preferable since the annexation is relatively close to an existing public sewer system. Service by the District is environmentally superior in terms of wastewater treatment, effluent discharge, and impacts on surface water bodies and groundwater.

c. *Proposed Action and Alternative Actions:*

The proposed action will have no effect on adjacent areas. The proposed action will have no effect on mutual social and economic interests. The proposal has no impact on the local government structure of the County. There is no alternative to public sewage disposal. Service by the District is considered more reliable than septic systems. Service by the District is environmentally superior in terms of wastewater treatment, effluent discharge, and impacts on surface water bodies and groundwater.

d. *Conformity with Commission Policies on Urban Development and Open Space, and Conformity with Open Space Land Conversion Policies in Government Code § 56377:*

The proposal does not conflict with any Commission-adopted policies on urban development and open space conversion.

There is no prime agricultural land within or adjacent to the affected territory. The proposal conforms with the objectives in Government Code § 56377.

e. *Agricultural Lands:*

There are no effects on agricultural lands, as defined by Government Code § 56016. None of the land within the affected territory is currently used for the purpose of producing an agricultural commodity for commercial purposes, land left fallow under a crop rotation program, or land enrolled in an agricultural subsidy or set-aside program. According to the California Department of Conservation, Division of Land Resource Protection, none of the land within the affected territory is subject to a Land Conservation Act (aka "Williamson Act") contract nor in a Farmland Security Zone (California Land Conservation Act 2020-2021 Status Report).

f. *Boundaries:*

The boundaries of the affected territory have been clearly defined by the applicant, conform to lines of assessment or ownership, and have been reviewed and approved by LAFCO's GIS/Mapping Technician.

As a special district annexation, the proposal has no impact on existing city-county boundaries, nor does it create islands or corridors of unincorporated territory.

g. *Regional Transportation Plan:*

The Southern California Associated Governments (SCAG) adopted its 2020-2045 Regional Transportation Plan (RTP) and Sustainable Communities Strategy (SCS) pursuant to Government Code § 65080. The closest highway to the annexation is part of the RTP and SCS's State Highway improved program. The closest highway in the RTP/SCS is the Antelope Valley Freeway (14 Fwy), which is approximately 3,500 feet northwest from the affected territory.

h. *Consistency with Plans:*

The proposal is consistent with the existing City's General Plan designation of Community Commercial (CC).

The affected territory is not within the boundaries of any Specific Plan.

Pre-zoning is not a requirement for a special district proposal.

i. *Sphere of Influence:*

The affected territory is within the Sphere of Influence of the Santa Clarita Valley Sanitation District of Los Angeles County.

j. *Comments from Public Agencies:*

Staff did not receive any significant comments from public agencies or any resolutions raising objections from any affected agency.

k. *Ability to Provide Services:*

Although the affected territory is not currently served by the District, the area was included in the future service area that might be served by the District in its Sewer Facilities Plan. The District's future wastewater management needs were addressed in the 2015 Santa Clarita Joint Sewerage System Facilities Plan and EIR.

l. *Timely Availability of Water Supplies:*

There are no known issues regarding water supply or delivery. The affected territory is within the boundaries of the Santa Clarita Water Agency, which is the local water purveyor.

m. *Regional Housing Needs:*

As a special district annexation, the proposal will not affect any city, nor the county, in achieving their respective fair shares of the regional housing needs as determined by the Southern California Association of Governments (SCAG).

n. *Comments from Landowners, Voters, or Residents:*

Staff did not receive any significant comments from landowners, voters, or residents.

o. Land Use Designations

The proposal is consistent with the existing City's General Plan designation of Community Commercial (CC).

The proposal is consistent with the existing City's zoning designation of Community Commercial (CC).

p. Environmental Justice:

The owners of real property within the affected territory have requested, in writing, that the District provide off-site sewage disposal service. Property-owners of adjacent areas did not request such service, and/or were contacted by Sanitation District staff and were not interested in securing such service or did not respond. The proposal makes no representations on exclusions of peoples of any race, culture, income and/or national origins with respect to the location of public facilities and public services, to ensure a healthy environment for all people such that the effects of the pollution are not disproportionately borne by any particular populations or communities.

There are no Disadvantaged Unincorporated Communities (DUCs) within or adjacent to the affected territory according to data obtained and extracted from the Census Bureau of the United States Department of Commerce 2016-2020 American Community Survey (ACS).

The Safety Element of the General Plan for the City of Santa Clarita (adopted May 2022) addresses reduction of the potential risk of death, injuries, and economic damages resulting from natural and man-made hazards.

The affected territory is not within a Very High Fire Hazard Zone pursuant to maps published by the California Department of Forestry and Fire Protection (Cal Fire). The affected territory is not within the maps that identify State Responsibility Area. Both the City of Santa Clarita Hazard Mitigation Plan and the Safety Element of the General Plan include information relating to mitigation and management of wildfire and fire hazard severity zones.

**ADDITIONAL FACTORS TO BE CONSIDERED PURSUANT TO GOVERNMENT
CODE § 56668.3:**

a) District Annexation or City Detachment:

The proposed action involves a district annexation.

(1) Interest in landowners/inhabitants, district annexations:

The proposed action will be for the interest of the landowners and/or present and/or future inhabitants within the district and within the affected territory.

(2) Interest in landowners/inhabitants, city detachments:

The proposed action does not involve a city detachment.

The Southern California Associated Governments (SCAG) adopted its 2020-2045 Regional Transportation Plan (RTP) and Sustainable Communities Strategy (SCS) pursuant to Government Code § 65080.

Regional growth goal and policies were a consideration of the proposed action.

ADDITIONAL INFORMATION/OTHER MATTERS (RELEVANT TO THE PROPOSAL):

None.

CALIFORNIA ENVIRONMENTAL QUALITY ACT (CEQA) CLEARANCE:

The Commission is a responsible agency pursuant to CEQA and State CEQA Guidelines § 15096 with respect to the proposed annexation, and in its independent judgment on the record determines that the proposal is categorically exempt from CEQA pursuant to State CEQA Guidelines § 15319(a) because the annexation area consists of existing structures developed to the density allowed by the current zoning and the extension of services to the existing facilities would have the capacity to only serve the existing facilities.

DETERMINATIONS WITHOUT NOTICE AND HEARING, AND WAIVER OF PROTEST PROCEEDINGS:

Pursuant to Government Code § 56662(a), the Commission may make determinations upon the proposed annexation without notice and hearing and may waive protest hearings for the reasons set forth herein. The territory is uninhabited. To date, no affected local agency has submitted a written demand for notice and hearing during the 10-day period referenced in Government Code § 56662(c). Furthermore, the proposal was accompanied by satisfactory proof that all the landowners within the affected territory have given their written consent to the proposed annexation. Based thereon, the Commission may make determinations on the proposed annexation without notice and hearing, and the Commission may waive protest proceedings.

CONCLUSION:

Staff recommends approval of the proposal as a logical and reasonable extension of the Santa Clarita Valley Sanitation District of Los Angeles County which will be for the interest of landowners and/or present and/or future inhabitants within the District and within the annexation territory.

The owners of real property within the affected territory have requested, in writing, that the District provide off-site sewage disposal service. Property-owners of adjacent areas did not request such service, and/or were contacted by Sanitation District staff and were not interested in securing such service or did not respond. The proposal makes no representations on exclusions of peoples of any race, culture, income and/or national origins with respect to the location of public facilities and public services, to ensure a healthy environment for all people such that the effects of the pollution are not disproportionately borne by any particular populations or communities.

There are no Disadvantaged Unincorporated Communities (DUCs) within or adjacent to the affected territory according to data obtained and extracted from the Census Bureau of the United States Department of Commerce 2016-2020 American Community Survey (ACS).

q. Hazard Mitigation Plan:

The City of Santa Clarita Local Hazard Mitigation Plan (approved October 02, 2020) establishes the City's emergency policies and procedures in the event of a disaster and addresses allocation of resources and protection of the public in the event of an emergency.

The Safety Element of the General Plan for the City of Santa Clarita (adopted May 2022) addresses reduction of the potential risk of death, injuries, and economic damages resulting from natural and man-made hazards.

The affected territory is not within a Very High Fire Hazard Zone pursuant to maps published by the California Department of Forestry and Fire Protection (Cal Fire). The affected territory is not within the maps that identify State Responsibility Area. Both the City of Santa Clarita Hazard Mitigation Plan and the Safety Element of the General Plan include information relating to mitigation and management of wildfire and fire hazard severity zones.

**ADDITIONAL FACTORS TO BE CONSIDERED PURSUANT TO GOVERNMENT
CODE § 56668.3:**

The proposed action does not involve a city detachment.

(3) Any factors which may be considered by the commission provided in Government Code § 56668:

The Commission has addressed the factors in *Government Code* § 56668, subsections (a) through (q), above.

(4) Any resolution raising objections to the action that may be filed by an affected agency:

No affected agency has filed a resolution raising objections to the proposed action.

(5) Any other matters which the commission deems material:

There are no additional matters which the commission deems material to the proposed action.

REGIONAL GROWTH CONSIDERED PURSUANT TO GOVERNMENT CODE § 56668.5:

Regional growth goal and policies were a consideration of the proposed action.

ADDITIONAL INFORMATION/OTHER MATTERS (RELEVANT TO THE PROPOSAL):

None.

CALIFORNIA ENVIRONMENTAL QUALITY ACT (CEQA) CLEARANCE:

The Commission is a responsible agency pursuant to CEQA and State CEQA Guidelines § 15096 with respect to the proposed annexation, and in its independent judgment on the record determines that the proposal is categorically exempt from CEQA pursuant to State CEQA Guidelines § 15319(a) because the annexation area consists of existing structures developed to the density allowed by the current zoning and the extension of services to the existing facilities would have the capacity to only serve the existing facilities.

DETERMINATIONS WITHOUT NOTICE AND HEARING, AND WAIVER OF PROTEST PROCEEDINGS:

Pursuant to Government Code § 56662(a), the Commission may make determinations upon the proposed annexation without notice and hearing and may waive protest hearings for the reasons set forth herein. The territory is uninhabited. To date, no affected local agency has submitted a written demand for notice and hearing during the 10-day period referenced in Government Code § 56662(c). Furthermore, the proposal was accompanied by satisfactory proof that all the landowners within the affected territory have given their written consent to the proposed annexation. Based thereon, the Commission may make determinations on the proposed annexation without notice and hearing, and the Commission may waive protest proceedings.

CONCLUSION:

Staff recommends approval of the proposal as a logical and reasonable extension of the Santa Clarita Valley Sanitation District of Los Angeles County which will be for the interest of landowners and/or present and/or future inhabitants within the District and within the annexation territory.

RECOMMENDED ACTION:

1. Adopt the Resolution Making Determinations, including the California Environmental Quality Act determinations, Approving and Ordering Annexation No. 1119 to the Santa Clarita Valley Sanitation District of Los Angeles County.

Agenda Item No. 7.a.

Proposed Draft Budget for Fiscal Year 2024-25

Background

Government Code Section 56381 requires the Commission to adopt a proposed budget for the upcoming fiscal year (July 1 to June 30) by May 1st and a final budget by June 15th of each year. The Commission is further required to hold a noticed public hearing for both the proposed and final budget, and to distribute copies of the proposed and final budget to the County of Los Angeles, the eighty-eight (88) cities in Los Angeles County, and the fifty-one (51) independent special districts in Los Angeles County. The public hearing notice for the March 13, 2024 and April 10, 2024 meetings for the budget was posted in the Daily Journal on February 7, 2024.

Proposed Draft Budget

The Final Budget for the current fiscal year, FY 2023-24, was adopted at \$1,776,843 by the Commission on April 12, 2023. The Draft Budget for FY 2024-25 proposes a negligible increase over last year's adopted budget, to \$1,863,065. This represents the first increase since FY 2022-23.

Proposed Assessments

The overall Proposed Draft Budget for FY 2024-25 anticipates a slight increase of approximately 5% to the LAFCO apportionment collected in the current fiscal year (FY 2024-25).

The proposed budget includes a placeholder for Municipal Service Reviews (MSRs), increased costs from insurance rate premiums, scheduled salary increases affected by CPI, and additional costs in various budgetary categories associated with historical and recent rate inflation increases.

Further explanation on budget categories of interest is included below.

Expenditures

There are three expenditure categories in the LAFCO Budget, consisting of Salaries and Benefits, Office Expenses, and Professional Services. Over the current year adopted budget (FY 2023-24), the Proposed Draft Budget includes an increase in Salaries and Benefits of approximately 4.5%, an increase in Office Expenses of approximately 5.4%, and an increase in Professional Services of approximately 6.5%. Overall, the proposed expenditures result in a 4.85% increase over last year's budget.

Employee Salaries (50001): The proposed amount accounts for current salaries as well as contractually-required cost of living increases for most employees (anticipated at this time to be three-percent), which will take effect July 1, 2024.

Employer Paid Pension Contributions (50015): As a LACERA participatory agency, LAFCO is subject to employer paid pension contribution rate increases, which LACERA

will provide LAFCO in fall of 2024. A placeholder of increased employer contribution rates of 1% is included in the proposed budget.

Accrued vacation and sick time cashout (50016): This budget line item accounts for staff's conversion of leave balances to compensation. The cashout of vacation and sick time reduces the Commission's Compensated Absences liability. The increase in this line item reflected anticipated cashout requests for next fiscal year (2024-25), consistent with the cashout requested in the current fiscal year (2023-24).

Insurance (Health, Disability, Life) (50019): This account includes health, disability, and life insurance, and is subject to increases outside of the Commission's control.

Payroll Taxes (50020): Payroll are a percentage of salaries. This budget line item was increased to reflect current salaries as well as contractually-required cost of living increases which will take effect on July 1, 2024.

Other Post-Employment Benefits (OPEB)—Existing Retirees (50022): The proposed budget for FY 2024-25 reflects actual OPEB invoices for the current fiscal year.

Rent (50025): Fiscal Year 2023-24 represents the first year since the lease renewal in 2021, that LAFCO paid a full year of rent and CAM (common area maintenance) charges. The proposed budget includes a modest 3% increase to CAMs after an increase of nearly 100% in January of 2024.

Property/Liability Insurance (50032): Due to reinsurance loads for wildfire capacity/exposure, inverse condemnation claims, employment practice claims, and general increases in costs/services for claims experienced by our carrier, LAFCO's premium is increasing by approximately 15% in FY 2024-25 compared to the current fiscal year (2023-24).

Information Technology/Programming (50040): Expenses in this category are primarily for the routine maintenance of office computer equipment. In addition, a nominal amount is included for services required outside of the routine monthly maintenance.

Postage (50054): The proposed budget for this category reflects the amount of postage required for public hearing notices and costs for the use of expediated mail carrier services. The amount budgeted for the upcoming fiscal year (2024-25) is consistent with the projected year end expenses for the current fiscal year (2023-24).

Auto Reimbursement (50060): Since the Commission converted eligible staff's auto reimbursements to salary, this budget category is no longer necessary (and will be removed in future budgets).

Audit/Financial Statements (50077.2): The cost is consistent with the amount quoted for auditing services, approved previously by the Commission.

Contract Services (50078): This account is used for miscellaneous services for various contracts. An OPEB Valuation is included in the proposed budget.

Municipal Service Reviews (MSRs) (50081): The proposed budget includes a placeholder, in the event LAFCO retains a consultant to prepare an MSR or MSRs.

Revenues

Filing Fees (40005): As with each year's budget, the actual number of proposals (applications) filed is entirely outside of staff control. The amount of fees included in this year's proposed budget is more aligned with the projected year end revenue for the current fiscal year (2023-24).

Interest Income (40008): This account is used for interest income earned for funds held in the County of Los Angeles Treasury.

Local Agency Apportionment

With respect to the assessments upon the County of Los Angeles, the City of Los Angeles, the other eighty-seven (87) cities, and the fifty-one (51) independent special districts within the County of Los Angeles, staff proposes nominal increase of approximately 5% to LAFCO apportionment collected in the current fiscal year (2023-24).

Staff notes that the County Auditor-Controller allocates LAFCO apportionments upon public agencies based upon annual revenues reported in each agency's Annual Report submitted to the State Controller's Office. For this reason, and because reported revenues change on an annual basis, an individual agency's apportionment may change slightly, even in years when the overall LAFCO appointment remains unchanged.

Conclusion: The Proposed Draft Budget for FY 2024-25 would allow the Commission to fulfill its purpose and statutory obligations in the upcoming fiscal year.

In the coming months, the Commission will be presented with an Other-Post-Employment-Benefits Actuarial Valuation as of June 30, 2023. Based on the valuation report, the Commission should consider allocating additional funds to the Commission's OPEB Trust fund in FY 2025-26.

Staff Recommendation:

1. Open the budget hearing, receive public comments, and close the budget hearing;
2. Approve the attached Proposed Draft Budget for Fiscal Year 2024-25;
3. Pursuant to Government Code Section 56381, direct staff to forward the Proposed Budget for Fiscal Year 2024-25 to the County of Los Angeles, as well as the eighty-eight (88) cities and fifty-one (51) independent special districts in Los Angeles County, for their comment; and
4. Set April 10, 2024, for hearing on adoption of the Recommended Final Budget for Fiscal Year 2024-25.

Agenda Item No. 10.a.

Request to Support Senate Bill 1209 (Cortese)

Staff is requesting that the Commission take a position supporting Senate Bill 1209 (SB 1209, Cortese), which proposes to amend the Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000 (Act) to specifically authorize a local agency formation commission (LAFCO), as a condition for, among other things, processing a change of organization or reorganization, that the applicant agrees to defend, indemnify, and hold harmless the LAFCO, its agents, officers, and employees from and against any claim, action, or proceeding, as specified, arising from or relating to the action or determination by the LAFCO. A copy of SB 1209 is attached.

Background:

For several decades, most (if not all) LAFCOs (including LA LAFCO) required applicants to sign an indemnification provision as a component of filing a proposal (change of organization or reorganization). In the event of a lawsuit against LAFCO, the applicant would be obligated to defend LAFCO.

In a 2021 court case (*San Luis Obispo Local Agency Formation Commission v. City of Pismo Beach*), the Second District Court of Appeal ruled that the San Luis Obispo LAFCO could not recover attorney fees from an applicant pursuant to an indemnification clause which the LAFCO required the applicant to sign as a condition of approval because the LAFCO had no authority to require the indemnification, stating in relevant part as follows:

Even broadly construed statutes have boundaries. It is the Legislature's responsibility to amend statutes. Courts may not do so under the guise of implied powers.

A city and a developer applied to the San Luis Obispo Local Agency Formation Commission (LAFCO) to annex a parcel of real property to the city. LAFCO denied the application and the city and developer brought an action to challenge that decision. LAFCO prevailed and brought this action to recover attorney fees under an indemnity agreement contained in the annexation application. The trial court granted the city and developer judgment on the pleadings because LAFCO has no authority to require such fees. We affirm.

Because this is a published appellate decision, it establishes a legal precedent which would prevent LA LAFCO from requiring indemnification clauses, whether that is a requirement to file an application or as a condition of approving an application. Although San Luis Obispo LAFCO appealed the decision, the State Supreme Court did not take the case, thereby affirming the appellate court decision.

Once the California Supreme Court refused to consider the matter, members of the CALAFCO Legislative Committee initiated efforts to formulate a legislative solution. Three members of the Legislative Committee (Scott Browne, an attorney with extensive LAFCO experience; Steve Lucas, Executive Officer of Butte LAFCO; and LA LAFCO Executive Officer Paul Novak) drafted proposed legislation. After consulting with attorneys in the Legislature, the original

language was revised. Upon sharing the draft with outside organizations, CALAFCO encountered objections from other stakeholders; for this reason, legislation was not introduced in 2023.

Agenda Item No. 10.a.
Page 2 of 3

For more than a year, CALAFCO worked with several stakeholders to address their concerns; based upon that outreach, CALAFCO representatives do not anticipate any significant opposition to a legislative solution granting LAFCOs indemnification authority.

SB 1209:

SB 1209, introduced by Senator Dave Cortese, is sponsored by the California Association of Local Agency Formation Commissions (CALAFCO). Senator Cortese introduced SB 1209 on February 15, 2024. The bill is awaiting the scheduling of a hearing before the Senate Local Government Committee.

Staff notes several arguments in favor of SB 1209:

1. Although the appellate court in *San Luis Obispo Local Agency Formation Commission v. City of Pismo Beach* ruled against SLO LAFCO, the language implied that CALAFCO and LAFCOs were free to pursue legislation granting indemnification authority to LAFCOs. In essence, SB 1209 is the logical successor to the court's implied direction.
2. SB 1209 would grant LAFCOs equivalent indemnification authority to what is currently enjoyed by counties and cities. Pursuant to the State of California State Constitution, cities and counties can require indemnification by exercising their constitutional authority to regulate the health, safety, and welfare of their residents ("police powers"). Further, a provision in the State of California Subdivision Map Act (Government Code § 66474.9) explicitly authorizes cities and counties to require indemnification as a condition of accepting an application to subdivide property.
3. Indemnification provisions are common when individuals file land use applications (General Plan amendments, zone changes, conditional use permits, variances, and subdivisions) in cities and counties for proposed development projects. The land-use application forms for most (if not all) cities and counties have a standard indemnification provision in their application forms.
4. Prior to the *San Luis Obispo Local Agency Formation Commission v. City of Pismo Beach*, most (if not all) LAFCOs required applicants to sign an indemnification provision as a component of filing a proposal (change of organization or reorganization). LA LAFCO has had an indemnification provision in its application forms since at least January of 2011; in this time, no applicant has ever challenged the requirement or refused to sign it.
5. Were litigation to be filed against LAFCO over an approval (change of organization, reorganization, or other discretionary action), the party which most stands to benefit by a robust defense of the litigation is the applicant. It is, therefore, appropriate that the beneficiary of the legal defense (the applicant) finance the costs of that litigation rather than LAFCO.
6. In the absence of indemnification, and should a lawsuit be filed against LAFCO, the only funds available to defend the lawsuit are the annual assessments paid by the County of Los

Angeles, the eighty-eight (88) cities in Los Angeles County, and the fifty-three (53) independent special districts in Los Angeles County. There is no justification to require

Agenda Item No. 10.a.

Page 3 of 3

that multiple agencies finance the cost of litigation when the benefits of that defense accrue solely to the applicant.

7. The absence of indemnification represents an existential threat to all LAFCOs, nearly all of which lack the financial resources to finance extended litigation, the cost of which could be several hundred thousand dollars or more. In the San Luis Obispo LAFCO case, SLO LAFCO was only able to appeal the trial court ruling because its insurer (the Special District Risk Management Authority) led its defense.

SENATE BILL**No. 1209****Introduced by Senator Cortese**

February 15, 2024

An act to add Section 56383.5 to the Government Code, relating to local government.

LEGISLATIVE COUNSEL'S DIGEST

SB 1209, as introduced, Cortese. Local agency formation commission: indemnification.

Existing law, the Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000, provides the exclusive authority and procedure for the initiation, conduct, and completion of changes of organization and reorganization for cities and districts, except as specified. The act continues in existence in each county a local agency formation commission (LAFCO) that consists of members appointed, as specified, and oversees those changes of organization and reorganization. The act authorizes a LAFCO to, among other things, review and approve with or without amendment, wholly, partially, or conditionally, or disapprove proposals for changes of organization or reorganization, as specified.

This bill would authorize a LAFCO to require, as a condition for, among other things, processing a change of organization or reorganization, that the applicant agrees to defend, indemnify, and hold harmless the LAFCO, its agents, officers, and employees from and against any claim, action, or proceeding, as specified, arising from or relating to the action or determination by the LAFCO.

Vote: majority. Appropriation: no. Fiscal committee: no.
State-mandated local program: no.

The people of the State of California do enact as follows:

1 SECTION 1. Section 56383.5 is added to the Government
2 Code, to read:
3 56383.5. The commission may require, as a condition for
4 processing a change of organization or reorganization, a sphere
5 amendment or a sphere update, or any other action or determination
6 requested from the commission, that the applicant agrees to defend,
7 indemnify, and hold harmless the commission, its agents, officers,
8 and employees from any claim, action, or proceeding against the
9 commission, its agents, officers, or employees arising from or
10 relating to the action or determination by the commission.

INDEMNIFY THIS!

Written by: David J. Ruderman and Aleks R. Giragosian, Colantuono, Highsmith & Whatley, PC

Introduction

If LAFCo denies an annexation application, then wins in court when the applicant sues over the denial, can LAFCo require the applicant to pay LAFCo's attorneys' fees to defend the lawsuit? No, said the Second District Court of Appeal in its published decision this March in *San Luis Obispo Local Agency Formation Commission v. City of Pismo Beach* ("SLO LAFCo").¹ The SLO LAFCo case has the potential to impact all LAFCos' ability to require an applicant to indemnify LAFCo for its decision on a change of organization, reorganization, or sphere of influence amendment.

Background

In SLO LAFCo, the City of Pismo Beach and a developer applied to LAFCo to annex property to Pismo Beach for a housing development. The application form required the applicants to indemnify LAFCo for "any claim, action or proceeding ... asserted by any person or entity, including the Applicant, arising out of or in connection with the application."²

The Commission denied the annexation application and the developer sued LAFCo, challenging the denial. The Commission prevailed in the lawsuit and sought to recover \$400,000 in attorneys' fees from the developer and Pismo Beach under the indemnity provision on the application form, which required applicants to indemnify LAFCo even for lawsuits the applicants themselves bring.

The trial court denied the Commission recovery of its fees. In SLO LAFCo, the Court of Appeal affirmed, concluding LAFCo cannot seek attorneys' fees from applicants after it denies an application because it is not expressly permitted under the LAFCo law,

Cortese-Knox-Hertzberg. "Even broadly construed statutes have boundaries," the Court stated. "It is the Legislature's responsibility to amend statutes. Courts may not do so under the guise of implied powers."³

The SLO LAFCo court found the only provisions of Cortese-Knox-Hertzberg that allow the Commission to impose fees are Government Code sections 56383 and 66016, which allow LAFCos to charge fees for processing applications through a certificate of completion. These sections only contemplate fees necessary for the administrative process, not post-decision court proceedings like those SLO LAFCo sought under its indemnity. The Court further found LAFCos have no implied power to require an indemnity and the indemnity provision was not a valid contract because the applicant received nothing in exchange, i.e., no consideration.⁴ In conclusion, the Court invited SLO LAFCo to ask the Legislature for a fix to its inability to recover its attorneys' fees.⁵

What This Means for LAFCos

While the Court of Appeal's language is broad, SLO LAFCo does not prevent LAFCos from requesting applicants voluntarily sign indemnification agreements. Most applicants will because they have a practical interest in defending LAFCo from challenges to the requested change of organization. This will ensure that, if sued, LAFCo does not simply default or settle around the applicant rather than defend its decision. Similarly, LAFCo may be able to require indemnification as a condition of approval since

"...SLO LAFCo does not prevent LAFCos from requesting applicants voluntarily sign indemnification agreements."

(Continued on page 6)

(Continued from page 5)

approval could constitute adequate consideration to support the indemnification obligation, though the *SLO LAFCo* court implied this might not be the case.⁶ However, both these scenarios apply only if LAFCo **approves** the requested change of organization. When LAFCo denies an application, *SLO LAFCo* holds that it cannot require the applicant to pay for LAFCo's defense. This is particularly true when the party challenging LAFCo's decision is the applicant itself, as was the case in *SLO LAFCo*. Thus, if your Commission denies an application for a change of organization, reorganization, or sphere of influence amendment and is sued by the applicant, LAFCo cannot require the applicant to bear the cost of the LAFCo's defense.

SLO LAFCo exposes the limits of LAFCo authority under Cortese-Knox-Hertzberg. A legislative fix may be worth considering, as the *SLO LAFCo* court suggested. Unlike cities or counties, which can impose indemnification obligations under their police power or based on express statutory authority in particular areas of land use practice, such as challenges to approvals under the Subdivision Map Act,⁷ LAFCOs have no such authority. Without the ability to shift the cost of defense to applicants, the cities, counties and (where they are represented on LAFCo) special districts that fund LAFCo will ultimately be required to cover these costs if not covered by LAFCo's risk pool.

Unless or until there is a legislative fix, LAFCOs should be cognizant of the limits *SLO LAFCo* imposes on the Commission's decision regarding denials. They should review their budgeted contingency or general reserve funds and consider increasing them to ensure LAFCo has adequate funds to defend against a challenge to a Commission's decision to deny an application.

Agenda Item No. 10.b.

Request to Support Assembly Bill 3277 (Assembly Local Government Committee)

Staff is requesting that the Commission take a position supporting Assembly Bill 3277 (AB 3277, Assembly Local Government Committee). A copy of AB 3277 is attached.

Every year, the California Association of Local Agency Formation Commissions (CALAFCO) solicits LAFCOs for suggestions to make changes to the Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000 (Act). Upon the review and approval of the CALAFCO Legislative Committee, these suggestions are submitted to staff of the Assembly Local Government Committee and Legislative Counsel for review. Once they have approved, the suggestions are formulated into the Omnibus Bill. The Omnibus, sponsored annually by the Assembly Local Government Committee, allows CALAFCO and LAFCOs to propose technical changes to the Act.

Although the CALAFCO Legislative Committee entertained several suggested changes, only one item made it through the staff and Legislative Counsel review process. The proposed change, submitted by Executive Officer Paul Novak, would simplify a process involving the proposed formation of a new special district.

The Assembly Local Government Committee introduced AB 3277 on February 27, 2024.

Recommended Action:

Staff recommends that the Commission:

1. Take a "SUPPORT" position on AB 3277, authorize the Chair to sign letters documenting this position, and direct staff to convey this support to legislators, the Governor, and other stakeholders.

ASSEMBLY BILL**No. 3277****Introduced by Committee on Local Government**

February 27, 2024

An act to amend Section 56810 of the Government Code, relating to local government.

LEGISLATIVE COUNSEL'S DIGEST

AB 3277, as introduced, Committee on Local Government. Local agency formation commission: districts: property tax.

Existing law, the Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000, establishes the sole and exclusive authority and procedures for the initiation, conduct, and completion of changes of organization and reorganization for cities and districts. Existing law requires proceedings for the formation of a district to be conducted as authorized by the principal act of the proposed district, and authorizes the local agency formation commission in each county to serve as the conducting authority, as specified. Existing law requires a commission to determine the amount of property tax revenue to be exchanged by an affected local agency, as specified, if the proposal includes the formation of a district, as defined.

This bill would, instead, require a commission to determine the amount of property tax revenue to be exchanged by an affected local agency if the proposal includes the formation of a district and the applicant is seeking a share of the 1% ad valorem property taxes. By adding to the duties of a local agency formation commission, the bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to the statutory provisions noted above.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: yes.

The people of the State of California do enact as follows:

1 SECTION 1. Section 56810 of the Government Code is
2 amended to read:

3 56810. (a) (1) If the proposal includes the incorporation of a
4 city, as defined in Section 56043, the commission shall determine
5 the amount of property tax revenue to be exchanged by the affected
6 local agency pursuant to this section and Section 56815.

7 (2) If the proposal includes the formation of a district, as defined
8 in Section 2215 of the Revenue and Taxation Code, *and if the*
9 *applicant is seeking a share of the 1 percent ad valorem property*
10 *taxes*, the commission shall determine the amount of property tax
11 to be exchanged by the affected local agency pursuant to this
12 section.

13 (b) The commission shall notify the county auditor of the
14 proposal and the services which the new jurisdiction proposes to
15 assume within the area, and identify for the auditor the existing
16 service providers within the area subject to the proposal.

17 (c) If the proposal would not transfer all of an affected agency's
18 service responsibilities to the proposed city or district, the
19 commission and the county auditor shall do all of the following:

20 (1) The county auditor shall determine the proportion that the
21 amount of property tax revenue derived by each affected local
22 agency pursuant to subdivision (b) of Section 93 of the Revenue
23 and Taxation Code bears to the total amount of revenue from all
24 sources, available for general purposes, received by each affected
25 local agency in the prior fiscal year. For purposes of making this
26 determination and the determination required by paragraph (3),
27 "total amount of revenue from all sources available for general
28 purposes" means the total amount of revenue which an affected

1 local agency may use on a discretionary basis for any purpose and
2 does not include any of the following:

3 (A) Revenue which, by statute, is required to be used for a
4 specific purpose.

5 (B) Revenue from fees, charges, or assessments which are levied
6 to specifically offset the cost of particular services and do not
7 exceed the cost reasonably borne in providing these services.

8 (C) Revenue received from the federal government which is
9 required to be used for a specific purpose.

10 (2) The commission shall determine, based on information
11 submitted by each affected local agency, an amount equal to the
12 total net cost to each affected local agency during the prior fiscal
13 year of providing those services which the new jurisdiction will
14 assume within the area subject to the proposal. For purposes of
15 this paragraph, "total net cost" means the total direct and indirect
16 costs that were funded by general purpose revenues of the affected
17 local agency and excludes any portion of the total cost that was
18 funded by any revenues of that agency that are specified in
19 subparagraphs (A), (B), and (C) of paragraph (1).

20 (3) The commission shall multiply the amount determined
21 pursuant to paragraph (2) for each affected local agency by the
22 corresponding proportion determined pursuant to paragraph (1) to
23 derive the amount of property tax revenue used to provide services
24 by each affected local agency during the prior fiscal year within
25 the area subject to the proposal. The county auditor shall adjust
26 the amount described in the previous sentence by the annual tax
27 increment according to the procedures set forth in Chapter 6
28 (commencing with Section 95) of Part 0.5 of Division 1 of the
29 Revenue and Taxation Code, to the fiscal year in which the new
30 city or district receives its initial allocation of property taxes.

31 (4) For purposes of this subdivision, in any county in which,
32 prior to the adoption of Article XIII A of the California
33 Constitution, and continuing thereafter, a separate fund or funds
34 were established consisting of revenues derived from the
35 unincorporated area of the county and from which fund or funds
36 services rendered in the unincorporated area have been paid, the
37 amount of property tax revenues derived pursuant to paragraph
38 (3), may, at the discretion of the commission, be transferred to the
39 proposed city over a period not to exceed 12 fiscal years following
40 its incorporation. In determining whether the transfer of the amount

1 of property tax revenues determined pursuant to paragraph (3)
2 shall occur entirely within the fiscal year immediately following
3 the incorporation of the proposed city or shall be phased in over
4 a period not to exceed 12 full fiscal years following the
5 incorporation, the commission shall consider each of the following:

6 (A) The total amount of revenue from all sources available to
7 the proposed city.

8 (B) The fiscal impact of the proposed transfer on the transferring
9 agency.

10 (C) Any other relevant facts which interested parties to the
11 exchange may present to the commission in written form.

12 The decision of the commission shall be supported by written
13 findings setting forth the basis for its decision.

14 (d) If the proposal would transfer all of an affected agency's
15 service responsibilities to the proposed city or district, the
16 commission shall request the auditor to determine the property tax
17 revenue generated for the affected service providers by tax rate
18 area, or portion thereof, and transmit that information to the
19 commission.

20 (e) The executive officer shall notify the auditor of the amount
21 determined pursuant to paragraph (3) of subdivision (c) or
22 subdivision (d), as the case may be, and, where applicable, the
23 period of time within which and the procedure by which the
24 transfer of property tax revenues will be effected pursuant to
25 paragraph (4) of subdivision (c), at the time the executive officer
26 records a certificate of completion pursuant to Section 57203 for
27 any proposal described in subdivision (a), and the auditor shall
28 transfer that amount to the new jurisdiction.

29 (f) The amendments to this section enacted during the 1985–86
30 Regular Session of the Legislature shall apply to any proposal
31 described in subdivision (a) for which a certificate of completion
32 is recorded with the county recorder on or after January 1, 1987.

33 (g) For purposes of this section, "prior fiscal year" means the
34 most recent fiscal year for which data on actual direct and indirect
35 costs and revenues needed to perform the calculations required by
36 this section are available preceding the issuance of the certificate
37 of filing.

38 (h) An action brought by a city or district to contest any
39 determinations of the county auditor or the commission with regard
40 to the amount of property tax revenue to be exchanged by the

1 affected local agency pursuant to this section shall be commenced
2 within three years of the effective date of the city's incorporation
3 or the district's formation. These actions may be brought by any
4 city that incorporated or by any district that formed on or after
5 January 1, 1986.

6 (i) This section applies to any city that incorporated or district
7 that formed on or after January 1, 1986.

8 (j) The calculations and procedures specified in this section
9 shall be made prior to and shall be incorporated into the
10 calculations specified in Section 56815.

11 SEC. 2. If the Commission on State Mandates determines that
12 this act contains costs mandated by the state, reimbursement to
13 local agencies and school districts for those costs shall be made
14 pursuant to Part 7 (commencing with Section 17500) of Division
15 4 of Title 2 of the Government Code.
